```

Configuration

1. Move to "Stores --> Configuration"
2. Under "Sales -> Checkout -> Country specific buyer restriction" you can now make settings

Conlabz_Restrict-Product-Country_mage2

3. Access Control sets the default value that can be applied to products. Here are the possibilities that selected countries are either allowed or denied.
4. At the moment it is not possible to differentiate between delivery and shipping address (this setting can be ignored for now)
5. The Hint Text will be displayed in the checkout, should an attempt be made to order a denied product. (Here a standard sentence is issued, if not maintained)

The screenshot shows the Magento 2 Configuration interface for the 'Rpsc' configuration set. The left sidebar contains a navigation menu with categories like GENERAL, SECURITY, CATALOG, CUSTOMERS, SALES, and STORES. The main content area is titled 'Configuration' and shows the 'Checkout' section expanded. The 'Rpsc' configuration is selected, and the 'Access control' field is set to 'allow'. Below this, there is a table for 'Control based on' with columns for 'Product Type', 'Based on', and 'Action'. The 'Hint Text' field is currently empty. Red callout boxes with numbers 1 through 5 are placed over the configuration elements: 1 is over the 'Configuration' title, 2 is over the 'Checkout' section, 3 is over the 'Access control' dropdown, 4 is over the 'Add' button in the 'Control based on' table, and 5 is over the 'Hint Text' input field.

Access control (store view) allow 3
Should selected countries in product be denied or allowed?

Control based on (store view)

Product Type	Based on	Action
Add		

Hint Text (store view) 5

Conlabz_Restrict-Product-Country_mage2

Configure a product

1. Rpsc Access Control indicates, as already mentioned in the configuration, whether the selected countries are allowed or denied
2. In the Countries field the desired countries can be selected by Multiselect which are to be allowed / denied

The screenshot displays the 'Product' configuration page in Magento 2. The left sidebar contains navigation icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area includes the following fields:

- Quantity** [global]: Input field with value '1'.
- Advanced Inventory**: Link.
- Stock Status** [global]: Dropdown menu with 'In Stock' selected.
- Weight** [global]: Input field with 'lbs' unit and a dropdown for 'This item has weight'.
- Categories** [global]: Select dropdown with 'New Category' button.
- Visibility** [store-view]: Dropdown menu with 'Catalog Search' selected.
- Set Product as New From** [website]: Two date pickers with 'To' label.
- Country of Manufacture** [website]: Select dropdown.
- Deposit products** [website]: Text area.
- Rpsc Access control** [global]: Dropdown menu with 'allow' selected. A red circle with '1' is next to it.
- Countries** [global]: Multiselect dropdown menu with the following options: U.S. Outlying Islands, U.S. Virgin Islands, Uganda, Ukraine, United Arab Emirates, and United Kingdom. A red circle with '2' is next to it.

At the top right of the page, there are buttons for 'Back', 'Add Attribute', and 'Save'.

Conlabz_Restrict-Product-Country_mage2

Result

1. As soon as it comes to the new Rpsc step in the checkout, the Hint Text that is maintained in the settings the standard is displayed (here default) and a list of products for which the delivery country is denied
2. As soon as the next step is taken, the products are removed from the shopping cart

The screenshot displays the LUMA checkout interface. At the top, there is a navigation bar with the LUMA logo, a search bar, and a shopping cart icon with a '1' badge. Below the navigation bar is a progress indicator with three steps: 'Shipping' (checked), 'Rpsc Checkout Step' (checked and highlighted in orange), and 'Review & Payments' (3). The main content area is titled 'Rpsc Checkout Step' and features a red warning message: 'The following items are not available in your country and will be removed from your cart!'. Below this message is a table with the following data:

Name	SKU	Price
Product	Product	\$5.00

Below the table is a blue 'Next' button with a '2' badge. To the right of the main content is an 'Order Summary' box containing the following information:

Order Summary

Cart Subtotal	\$5.00
Shipping Flat Rate - Fixed	\$5.00
Order Total	\$10.00

Below the order summary, it shows '1 Item in Cart' with a caret icon. The item details are:

Product	\$5.00
Qty: 1	

At the bottom right, there is a 'Ship To:' section with an edit icon. The shipping address is:
